Information

- 1 not all tests are accredited – for information please consult our home page (<https://virovet-diagnostik.de/>)
- 2 virus detection can comprise isolation, PCR (genome detection), antigen detection and / or electron microscopy.
The laboratory decides (if necessary) which method is suitable. **Please indicate if a certain method is required**

Please note that your personal data will be used and recorded for processing the submission and accounting. Further information on our data protection rule can be found here: [Data Protection Directive \(virovet-diagnostik.de\)](https://virovet-diagnostik.de/)
